

August 2022

California Proposition 65 Warning Notification

Product Reference: 3D Printer filament

Product Names: PLA, PLA MATTE, PLA TOUGH, PLA COSMIC, WOOD PLA, ePLA, ABS100, ABS, ASA, PETG, CARBON-FIBRE PETG, PEI ULTEM 9085, PEI ULTEM 1010, PPSU, 3F PEEK CF 9676, 3F PEEK 9581, 3F PEKK 50082, 3F PAHT 9825, 3F PAHT 9936, 3F PAHT CF 9891, 3F PP CF 9928

We confirm that :

Carbon Black (CAS: 1333-86-4)

Titanium Dioxide (CAS: 13463-67-7)

Can be used in the above-mentioned products. These substances are only listed in the California Proposition 65 list as "Airborne, unbound particles of respirable size". Note that these materials are bound in a polymer matrix and cannot be released as "Airborne, unbound particles of respirable size".

Therefore, substances listed in California Proposition 65 that would require a warning on the product are not intentionally used or added in the production of the above-mentioned product(s). This does not exclude the presence of negligibly slight traces due to, amongst others, impurities in the components supplied by external parties and used in the production of such components. For more information about substances listed in California Proposition 65, see:

<https://oehha.ca.gov/proposition-65/proposition-65-list>

However, please note that the absence has not been checked by tests in the final product. This statement of Compliance is established on the base of our existing knowledge. It is no longer valid in case of modification of the legislation. It replaces all previous compliance statements relating to the subject. This information is valid for the material as it leaves the production facility and does not include any additives, pigments etc. subsequently used or added by the buyer or a third party.

If you need more information or have further questions please contact Ravi Toor by phone on +44 (0) 333 366 0020, or by email at ravi@filamentive.com.
